EDUCATION

University of Chicago

Chicago, IL

B.A. in Computer Science & B.A. in Mathematics | GPA: 3.92/4.00

Jun 2028 (Expected)

- **Relevant Coursework:** Intro to Computer Science I-II, Calculus I-III, Discrete Mathematics, Abstract Linear Algebra, Real Analysis I-III, Intro to Mathematical Probability, Theory of Algorithms
- **Financial Markets Program:** Selective 3-year program focused on building quantitative finance acumen through weekly workshops, personalized advising, employer visits, and coursework at the Chicago Booth School of Business

Northern Valley Regional High School At Demarest

Demarest, NJ

High School Diploma | GPA: 4.55/4.0

Jun 2024

EXPERIENCE

Humana

Louisville, KY

Enterprise AI Intern

May 2026 – Present

- Developing full-stack NLP app to auto-redact sensitive data in clinical documents, projected to save 2 hrs per PDF
- Building React-based tool with REST API integration and generating compliance reports with detection statistics
- Presenting daily deliverables to project team and preparing for final showcase with senior leaders

University of Chicago Human + AI Lab

Chicago, IL

Machine Learning Research Intern

Jun 2025 – Mar 2026

- Researched methods to teach LLMs appropriate persuasion resistance, improving accuracy 20% over baseline
- Implemented preference optimization and dialogue simulation pipelines processing 60,000+ model responses
- Designed experiments and evaluate model robustness with faculty advisor for publication submission

Art of Problem Solving

Remote

Teaching Assistant & Grader

Apr 2025 – Mar 2026

- Facilitated online math lessons to 55 advanced middle and high school students for Intro to Counting & Probability
- Provided detailed feedback on 100 problem submissions weekly, focusing on mathematical rigor and style
- Coordinated with instructional teams to refine grading practices and support student learning outcomes

Harvard Medical School

Boston, MA

Machine Learning Research Intern

Jun 2023 – Aug 2023

- Developed a deep learning pipeline using PyTorch and OpenCV to detect abnormalities in chest X-rays
- Trained a convolutional neural network achieving 93.10% accuracy on a dataset of 1,740 radiographs
- Presented findings in a 12-page research paper at Massachusetts General Hospital under postdoctoral supervision

ACTIVITIES & LEADERSHIP

Maroon Capital

Chicago, IL

Analyst

Oct 2025 – Present

- Analyst in UChicago's premier quantitative finance organization preparing students for trading roles
- Develop and backtest algorithmic trading strategies using Python and statistical modeling
- Complete intensive curriculum covering options theory, market making, risk management, quantitative methods

Tenakill Middle School Mathcounts Coach

Closter, NJ

Coach

Sep 2021 – Mar 2024

- Prepared 30 middle school students at alma mater weekly for Mathcounts, a national math competition series
- Secured \$3,000 in funding for program resources by collaborating with the school administration
- Finished 3rd place team out of 30+ middle schools in the Chapter competition in 2023, 2024

ADDITIONAL INFORMATION

- **Technical Skills:** Python, C++, Java, PyTorch, NumPy, Pandas, scikit-learn, HTML/CSS/JavaScript
- **Awards:** Putnam (Score: 19), AIME 5x Qualifier (Score: 9), ACSL Finalist, TSA TEAMS National Qualifier
- **Selected Programs:** Meet Millennium, Two Sigma New Seekers Summit, Flow Traders Ascent Program
- **Interests:** Speedcubing, Poker, Strategy Games, Clarinet (NJ All-State Band)
